■ Portfolio: your-portfolio-link.com | ■ GitHub: github.com/samiksharawat

■ Career Objective

Motivated BCA 3rd year student at ICFAI University with a strong interest in Web Development. Skilled in creating responsive, interactive, and modern websites. Eager to apply technical knowledge and hands-on projects in real-world applications while growing into a full-stack developer.

■ ■ Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), Bootstrap, Tailwind CSS

Backend: Node.js (Basics), Express.js (Beginner)

Databases: MySQL, MongoDB (Basics)

Tools & Platforms: Git, GitHub, VS Code, Figma

Other: Responsive Web Design, Debugging, API Integration

■ Web Development Projects

■ Personal Portfolio Website

Developed a portfolio site using HTML, CSS, JavaScript. Added dark/light theme toggle, interactive project section, and contact form. Optimized for mobile devices and hosted on GitHub Pages.

■ Responsive Calculator App (Intermediate)

Built a calculator with JavaScript DOM manipulation and error handling. Clean UI with gradient styling. Fully responsive layout.

■ Dynamic Quiz Application (Intermediate)

Created a quiz app with dynamic questions and instant scoring. Used JavaScript arrays/objects for flexible question management. Added a progress bar and final score summary.

■ Rock-Paper-Scissors Game (Intermediate)

Developed an interactive game with JavaScript logic & DOM events. Added scoreboard and random computer move generator. Fully responsive design.

■ Blog Website with Admin Panel (Intermediate Idea)

Designed a frontend blog site with sample posts. Prototype admin panel using localStorage for CRUD functionality. Demonstrates basic backend concepts (expandable to full-stack).

■ Education

Bachelor of Computer Applications (BCA), 3rd Year

ICFAI University

2023 – Present

■ Additional Information

- Strong problem-solving and debugging skills.
- Currently exploring Full-Stack Development.
- Open to remote work & internships in Web Development.
